Classic day for Elk Point's annual car show

AGE AND BEAUTY - A lovingly restored 1927 Chev displayed by Harvey Derewynka was the oldest vehicle in Saturday's Elk Point Auto Club Show and Shine.

CLARE GAUVREAU
Review Staff

It was viewer's choice at the 2019 Elk Point Auto Club Car Show Saturday and with 76 entries on the ballot this year, those taking in the 32nd annual event had a challenge deciding top of class in each category.

With an impressive selection of vehicles on hand from communities around the northeast and beyond, including from as far away as Vernon, B.C., together with several from the Edmonton area, Ed Smith, one of the organizers, described it as a "real good turnout."

Smith, who is a bit of a car buff himself, and well-versed in automotive history, said he didn't have any particular favourites but noted there were a couple of entries that stood out because of their uniqueness. One was a 1973 Travelall made by International Harvester. It's best described by Smith as being a station wagon on a half-ton frame and an early example of an SUV.

A 1969 Mercury Cougar Eliminator, shown by Ron Urlacher of Cold Lake, in mint condition, a 1962 Studebaker Gran Turismo displayed by Robert Duff of Elk Point, and a 1927 Chev shown by Harvey Derewynka of Elk Point, the oldest entry on display, were among the lovingly restored vehicles shown off along Elk Point's main street.

Best in show, according to the vote tallies at the end of the afternoon, were:

Antique 1900-1931: 1927 Chev Harvey Derewynka (Elk Point)

Antique 1932-1948: 1938 Chev Murray & Lisa Nielsen (Elk Point)

Antique 1949-1960: 1959 Chev Neil Musgrave (Two Hills)

(Continued on Page 2)

Town council agrees to urban hen pilot project

VICKI BROOKER
Review Staff

After hearing an in-depth presentation on the potential value of putting an urban hen pilot project in place, and hearing words of support from not only adjoining neighbors but other area residents, Elk Point town council decided at last week's meeting to approve the applicants' request to keep a maximum of four hens in a backyard coop for a six-month pilot project, that will be re-evaluated at the end of that period. Another resident who had sought similar permission earlier in the year will also be contacted to determine if there is interest in being part of the pilot project.

Coun. Tim Smereka said he was "thrilled with the response" from neighbors and other supporters of the proposal, Coun. Dwayne Yaremkevich adding, "I feel totally different about this now," after hearing the presentation. Coun. Debra McQuinn said she "appreciated hearing the other side," and was impressed with the research that had been done, adding that it would "need to be well regulated."

Regulations for the pilot project will definitely be

strict, with the requirement that 100 per cent of residents whose yards are within 30 metres of the property where the hens would be housed are in agreement with the presence of the hens, and Mayor Lorne Young reminded council and the applicants, "If the neighbors say no, it's no." The hens must be kept at all times in a coop with indoor and fully enclosed outdoor areas of appropriate dimensions. The coop would have to be in a rear yard and be at least 0.9 metres from the property lines, and manure must be stored in a closed container and removed from the property unless it is used for fertilizing or composting. Roosters would not be allowed.

Those regulations and a long list of others that must also be followed under the pilot project are part of a draft bylaw which council agreed could be put in place if the project is deemed successful at the end of the six months. Coun. Terri Hampson felt that "there needs to be a growth program" if the pilot is a success, to allow a limited number of additional urban flocks within the town limits.

The presentation indicated that such a project could reflect well on the community as being forward thinking and a green move.

Unightly premises

The town's new unsightly premises bylaw is going back to the drawing board again for more revisions. Only two comments were received in regards to the bylaw, one of those from Jonny Nielsen, who suggested that the CAO and/or bylaw enforcement officer be accompanied by a safety codes officer such as a health inspector, electrical inspector, plumbing inspector, building inspector or fire inspector, all of which are protected from lawsuits under the safety codes act. If the safety codes officer made the call, the CAO or bylaw office could now carry out enforcement with no further discussion. Council agreed that this would be a wise addition to the bylaw.

The second comment regarded peeling paint and unregistered vehicles, both of which were discussed further by council. "Do we want to get that specific?" was asked about the peeling paint, with Mayor Young also noting that if dandelions were a misdemeanor, "We're guilty of it to the Nth degree," with it being virtually impossible to keep the bright golden blooms under control on town-owned land for any length of time.

Car show

(Continued from Front Page)

Antique 1961-1992: 1965 Ford Galaxie Garret Roche (St. Paul)

Convertible: 1964 Comet Ken Ross (Lloydminster)

Show: 1970 GTX Ron Winterhalt (Cold Lake)

Modified: 1937 Chev pickup Abe Wieler (Lloydminster)

Under restoration: GMC Keith Grimwood (Vermilion)

Rat Rod: Chris Proskiw (Elk Point)

Truck: 1971 Ford Richard Marchenko (St. Paul)

Motorcycle: Harley Davidson Bob & Lori Stokes (St. Paul)

Tractor: Clarence Smith (Mallaig)

On behalf of the Elk Point Auto Club, Smith extended appreciation to all the participants recognizing the work they've put into restoring their vehicles and thanking them for bringing them to Elk Point to display.

Smith also made special mention of the Cold Lake-based motorcycle group Protection for the Unprotected, which was on hand and assisted with the lining up of the show vehicles along the downtown street.

SHOWY AND SHINY - Whether on four wheels or two, a street full of showpieces from over the decades brought out the viewers. At top right, Auto Club member and show organizer Ed Smith admires one of his favourites.

Council

(Continued from Front Page)

Regarding dandelions and unkempt yards, CAO Ken Gwozdz said "we usually find 40 to 44 around town at this time of year," most of which are taken care of in short order when the owners or occupants get a letter from the town. Two clauses of the bylaw will now be combined, and mention of dandelions removed. Gwozdz asked if council required back yards to be checked this year, as they were not in 2018, and was told this was not necessary.

The term 'unregistered' will be removed from the clause dealing with vehicles, and will be replaced by 'derelict.' The time in that clause will be changed from 14 to 60 days, with a further 30 days to rectify the situation if required.

EDC resignations

Two members of the Economic Development Committee have resigned, and with three of the five applicants who were not chosen prior to the committee's formation indicating they are willing to serve on the committee, a random draw was made with Shirley Harms and Jodi Arrowsmith chosen to fill the vacancies.

Bylaws rescinded, revised

Gwozdz and Bylaw Enforcement Officer Krysten Burton are continuing their perusal of the town's bylaws, bringing forth 18 outdated bylaws dating back as far as 1987, some dealing with items such as the Tourism Action Plan, which has not existed for decades, and 10 of them replaced by new bylaws but the originals remaining on the books. All 18 were rescinded, with all three readings approved.

Another bylaw dating back to 1989 was revised and approved, this one dealing with the Northern Lights Library System agreement, with revisions made to reflect current legislation.

A slightly newer bylaw, the Committee Bylaw passed in 1995, was revised to reflect changes made at the October 2018 Organizational Meeting and removing the Public Safety and Environment Committee, with those roles replaced by others that are not part of the standing committees. The chamber of commerce, community channel and Canada Day were removed from the roles of the Economic Development Committee before all three readings were given.

Software program

Details of a new software package to be used for minutes and agendas were outlined, but council would like to see

a comparison. The matter was tabled to June 10.

Heritage Lodge

A letter was received from Heritage Lodge Auxiliary regarding funding to support the Handi Van. Funding is traditionally allotted in the budget, along with a donation toward the Grandparents Day tea, but was inadvertently omitted this year. There was, however, \$1,000 budgeted in the Senior Handi Van Driving account, and this will be donated to the auxiliary for this purpose.

Further Education

Elk Point Further Education, which was not approved for its usual government operating grant this year, is experiencing financial constraints and approached the town to waive the garbage fee of \$15 per month, as the facility has never utilized garbage collection services. Council agreed that this could not be done as every business, organization and resident of Elk Point must pay this fee to finance operation of the transfer station.

Full speed

A request to Alberta Transportation from the Town of Elk Point to have a reduced speed limit put in place on Highway 646 from Highway 41 to west of the transfer station, gravel pits and recreation grounds has been turned down, as there are "not many residences or businesses located in the vicinity of the highway," and driver expectation would be for consistent high speeds, and therefore a speed zone would not be well adhered to. The town's request came after receiving requests from the Golf and Country Club, Elk Point Lions Club, Elk Point Minor Ball and Elk Point Soccer Association.

Inter-municipal agreements

Council approved both the St. Paul - Elk Point Inter-Municipal Review Board agreement and the Elk Point Regional Inter-Municipal Subdivision and Development Appeal Board joint agreement.

Domain name service

MCSnet has advised the town that they will no longer provide domain service as of July 1, and council gave approval to signing a letter allowing Tall Tech to switch the domain service to a new provider.

Physician Recruitment

Council passed a motion that funds budgeted for physician recruitment will be paid to Dr. Asholu. The County of St. Paul is also contributing to the funding. A three-year no-interest loan for the doctor will also be set up with Servus Credit Union with the town's assistance.

SERVING ELK POINT SENIORS - Recreation coordinator Cristin Tchir, Coun. Dwayne Yaremkevich, Mayor Lorne Young, Deputy Mayor Debra McQuinn and Couns. Tim Smereka and Terri Hampson cooked up a great pancake breakfast on Sunday to kick off Seniors Week in Elk Point.

Multi-Urban Intermunicipal Development Plans

Community Open Houses

In the winter of 2017, the County of St. Paul No. 19, in partnership with the towns of St. Paul and Elk Point and the Summer Village of Horseshoe Bay began preparing and updating Intermunicipal Development Plans (IDP) between the County and each of the partnering municipalities. In addition to the development of the IDPs, a new Municipal Development Plan is being prepared and the Land Use Bylaw is being updated for the Summer Village of Horseshoe Bay.

In April 2018, landowner interviews and community open houses were held to gather feedback from landowners, residents and stakeholders on the vision, issues and ideas for the IDP study area. The feedback shared and information gathered from a technical review, helped the project team to develop a land use concept and related policies for the study area.

The draft background report and land use concept was shared on the project website on August 7, 2018. The draft IDP is available for review the project website: <http://multi-urbanidps.ca/>

This June, the partnering municipalities and ISL Engineering and Land Services are hosting community open houses to share the draft IDP and gather input from landowners, residents and stakeholders.

You are invited...

County of St. Paul, Town of St. Paul and SV of Horseshoe Bay Community Open House

Who: interested landowners, residents and stakeholders for the Town of St. Paul, Summer Village of Horseshoe Bay and the County of St. Paul
When: June 10, 2019 from 4 to 7 pm (come-and-go format – no RSVP required)
Where: Reunion Station, 4112-53 Avenue, St. Paul

County of St. Paul and Town of Elk Point IDP Community Open House

Welcome

EDITORIAL

Multiple award wins!

Throughout the year, we are happy to cover victories of all kinds, showing award winners in education, sports and other endeavours. Now it is time to put modesty aside and celebrate out turn in the spotlight.

The Elk Point Review is pleased to announce that we are the proud winners of four awards in the Alberta Weekly Newspapers General Excellence competition, and our sister paper, the St. Paul Journal, won two General Excellence awards and a prestigious Excellence in Education Writing trophy for editor Janice Huser. Congratulations to the Journal crew!

In the Review's circulation class, we placed first for our front page, with a perfect score of 150 out of 150, and first for our sports page, where Doug 'Sportshound' Bassett apparently blew away the judges, who gave him 60 points out of a possible 50 for his coverage of the week's sports. We also placed second overall, with 900 points out of a possible 1,000, and second for our editorial page with 90 points out of 100.

These awards are judged on two papers chosen from two months of the year, with those months changing annually, so we don't know until the awards entry book arrives which months will be featured. We then choose the weeks that we will enter from those months, and we seem to have chosen wisely.

Thanks to our community and our contributors for providing us with award winning news once again.

TWO FIRSTS - Editor Vicki Brooker displays the two first place awards at Friday's AWWA Awards Banquet. The Review also received two second place awards.

PROCLAMATION

Seniors Week 2019

In honour of the past, present and future contributions of the seniors of this community and throughout Alberta, I do herby declare June 2 to 8, 2019 to be Seniors Week.

Dated this 27th Day of May, 2019

In Elk Point, Alberta

Lorne Young
Mayor

WAY BACK WHEN...

Impact assessment, Parkview officially open, 25th for Oilmen

HERE'S THE NEWS THAT MADE THE FRONT PAGES OF THE LAKELAND REVIEW AND THE ELK POINT REVIEW FOR THE WEEK OF JUNE 3 IN...

1984

Town council ratified the appointment of a 14-member Community Impact Assessment Study Steering Committee, which included a wide cross section of community residents as well as representatives of the Northern Alberta Development Committee and the Municipal Planning Branch. All involved escaped uninjured from a three-vehicle crash on Elk Point Bridge destroyed a car, a winged cultivator and the tractor of a semi-trailer hauling crude oil.

1989

A very happy first-year 4-H member David Naber showed the Inter-Club Grand Champion steer at the St. Paul District 4-H Show and Sale, later selling his animal, named Elk Point 4-H's Reserve Champion a week earlier, for "the incredible price of \$2.20 per pound." The Town of Elk Point's budget was brought down, with taxes going up due to a sizeable jump in requisitions for school, hospital district, planning board and M. D. of St. Paul Foundation.

1994

Vegreville - Viking MLA Ed Stelmach officiated at the long-awaited official opening of Parkview Extended Care after what Elk Point Hospital Board vice-chair Marvin Bjornstad described as "a history of politics, bureaucracy and long waits."

1999

Van Horne Oil and Gas Ltd. met with the Elk Point Regional Cultural Society and the Town of Elk Point, the two groups each interested in obtaining the former Pan Canadian Petroleum building, with MLA Ray Danyluk on hand to referee the discussions.

The Elk Point Review publishes a variety of opinions as a contribution to debate on matters of public concern. Unsigned editorials express the view of this newspaper's editorial board which includes the Publisher and the Editor. Signed pieces express the view of the individual writer.

2004

Mayor Lyle Frisby proclaimed June as "Shop Locally Month" in Elk Point, with representatives of the chamber of commerce, local media and Canadian Natural Resources on hand for the kick-off.

2009

Darren Tymofichuk showed the Grand Champion steer at Elk Point 4-H Multi Club's Achievement Day, with Alanna Ockerman showing the Reserve Champion, and Canine, Horse, Crafts and Small Engines project members also displaying their achievements. Elk Point Oilmen's Association celebrated "25 years, three months and 10 days since a group of guys in the patch got together and decided to incorporate an organization" said president Don Mudryk as he welcomed present members and many former members to enjoy a day of golf, a banquet and dance.

2014

Town council met with Fire Chief Ken Palamarek and Lyle Frisby, and heard the fire department's concerns with the town and county's plans to build a garage immediately adjacent to the fire hall to house the community handi-bus. "We have the nicest fire hall in northeast Alberta, but that doesn't negate expansion," the fire chief said, explaining that a location adjacent to the hall would give the department no room to expand when the need arises.

PIPELINE PLANS - Pengrowth's Jordan Cicoria tells Fred and Ralph Jurak about future plans for a pipeline to transport sales oil from their planned Lindbergh project.

Regional, FGM beat heat, win zone

JANICE HUSER
Review Contributor

St. Paul Regional and F. G. Miller high school athletes both brought home zone banners following a hot day of track and field in Bonnyville on May 29.

With temperatures breaking 30C, students still managed to compete and put their best efforts forward at Walsh Field. St. Paul Regional High School won the 3A zone banner with 1,119 points, with second place Westwood Community High School out of Fort McMurray getting 560 points.

"We had 52 athletes compete and 21 advance in 39 events," said Regional High School coach Hank Smid. "We earned 150 more points this year compared to last, and have a very strong team going into provincials."

"The warm weather was a factor," acknowledged Smid. "We tend to see a lot fewer injuries in warm weather, but then athletes can get fatigued if they did not stay out of the sun or stay properly

FGM TRACK TEAM proudly displays their third annual banner.

Photo submitted

hydrated and fed."

In the 2A category, F. G. Miller High out of Elk Point took first with 508.50 points, while Bonnyville Centralized came in second with 406.50 points. This year was the third year in a row that F. G. Miller won the 2A zone banner.

"We knew going into the day it would be fairly close with BCHS from Bonnyville and we were able to pull it off beating them by 102 points, which was a bigger margin than I had figured," says coach Jonathan

Randall. "I thought kids worked really hard considering how hot it was outside . . . I believe it was 33 degrees at one point and the kids battled through it well."

F. G. Miller will be sending six athletes to provincials, "which is decent considering we had a quite a few thirds on the day and a few athletes that struggled a little at times, but that's just the nature of the sport. Most of our athletes moving on are Grade 12s, so it is nice to see them move on in their last year."

In the 1A category, Glendon School came in second place with 449 points. Glendon athletes finished just a handful of points behind St. Mary's Catholic school, which finished with 451 points.

Also competing in the 1A category were athletes from Mallaig, Mymam, Two Hills, and Vilna. Ashmont competed in the 2A category.

Provincials are set to take place in Calgary on June 7 and 8 at the Foothills Athletic Park and will include a number of students from the area.

LOCAL HISTORIANS Marvin Bjornstad and Ray Hellquist (above) and Pat Swedgan (centre, below) displayed their collection of memorabilia ranging from school records to family histories to rodeo posters and clippings at History Day.

Elk Point Library news

DAPHNE SCHNURER
Library Manager

Let's Celebrate National Doughnut Day at the library and support our fabulous local bakery on Friday, June 7 from 10 a.m. - 4 p.m.

Bring your staff, your friends, the whole family and join us for great coffee and doughnuts. What better way to spend your Friday?

Our annual garage sale fundraiser is June 14 & 15th. Any donations towards our garage sale would be greatly appreciated and can be dropped off at anytime.

Our local History Day was a great success with 35 people attending. Thanks to our local history buffs Pat Swedgan, Ray Hellquist and Marvin Bjornstad for volunteering their time and sharing their collections of memorabilia with us. We will be posting some local history news articles, posters, etc. on our website. www.elkpointlibrary.ab.ca. Be sure to check it out!

Is it time for your mammogram?

Screen Test coming to Elk Point in July

ALBERTA HEALTH SERVICES
Review Contributor

Screen Test brings breast cancer screening to women across Alberta with its mobile mammography clinics. Call 1-800-667-0604 (toll-free) to book a mammogram.

Why should I get a screening mammogram?

A screening mammogram is a special X-ray of your breast. Once you're over 50, it is the best way to find breast cancer early. Screening mammograms can help find breast cancer when it is very small, 2-3 years before you or your doctor can feel it. The earlier breast cancer is found the better treatment can be. In fact most women (about 90%) are now surviving breast cancer 5 years after diagnosis.

Who should get a screening mammogram?

Women 50 and over should plan

to have a mammogram every two years and may self-refer. Women 40 - 49 should discuss the risks and benefits of screening with their doctor, and need a referral for their first appointment. There is no cost for this service. For more information visit: www.screeningforlife.ca/screeningtest.

Here are some common myths and facts about breast cancer screening:

Myth #1: Only women with a family history of breast cancer will get it.

The truth is, 80 per cent of women who develop breast cancer have no family history. So it's important to understand that you are still at risk for breast cancer even if no one in your family has ever had the disease.

Myth #2: Mammograms can cause breast cancer or cause an existing cancer to spread.

Mammograms require very small doses of radiation. Research confirms that the risk of harm from radiation exposure by mammography is very low. The benefits of the earlier diagnosis and treatment of breast cancer far outweigh the risk of the small dose of radiation received during a mammogram.

Myth #3: Monthly self-breast exams is the best way to find breast cancer.

What is most important is that women know how their breasts normally look and feel - from the whole area of breast tissue up to the collarbone and including the armpit. While it is not necessary to have a regimented method for checking your breasts, call your healthcare provider right away if you notice any unusual changes.

BARBECUE

for members and prospective members

living in the

County of St. Paul

Friday, June 14th @ 5 p.m. at Elk Point Golf & Country Club

RSVP: By Friday, June 7th
CONTACTS:

DARLENE: 780-724-3735

DOLORES: 780-724-2068

Mosquitoes are fast learners

Kids don't play baseball at recess or pick up scrub like we did, so many of them just don't know the rules or have any skills. But head coach Jackie Penz and her assistants Jacques DeMossiac and his wife Felina are doing a terrific job of teaching the Mosquitoes. Last Thursday at home they defeated Cold Lake easily. 'Kid Kade' Fontaine, who also did double duty behind the plate, Kale 'the Hawk' Ockerman and Kaysen 'Dynamite' DeMossiac sharing the pitching duties and holding the Cardinals to only one run all night. Madden 'Mad Dog' Flamand with two in-the-park homers, the first one over everyone's head.

Down in our Rookie division, the Sox played against Bonnyville. Frank Killam crossing the plate after Bella Pinette hit a single, then Jaxon 'Magic' Marcoux drove her home. Nice play in the infield, David 'Crocket' Cardinal fielding the ball and threw to William 'Billy Bob' Ballas on third for the force play. Theo 'Longhorn' Loughran and Tenley Krankowsky scoring on a two RBI double by 'Billy Bob', then Hudson 'Hammer' Krankowsky driving home Billy Bob.

In Pee wee action the Sox are now 4 and 0 after defeating Elizabeth Colony 12 to 2 this past Thursday at home.

Two of our local girls, Rylee 'the Rocket' Warawa and Kaylee 'Big Bird' Radcliffe (above) have been playing on the Bonnyville Angels competitive Pee wee U 14 fastball team, travelling to tournaments in Leduc two weeks ago, winning the gold medal over Kitscoty in the final game and then Edmonton this past weekend, winning the gold medal again. This team is planning on entering provincials at the B or C level.

In out of town action, grandson bantam age Phoenix Colbourne did well in his pitching debut this past Saturday in Cold Lake. He started the game going two innings, getting two strikeouts and allowing only three earned runs, his team leading the game by two runs when his pitch count was maxed out.

Multi-Urban Intermunicipal Development Plans

Community Open Houses

In the winter of 2017, the County of St. Paul No. 19, in partnership with the towns of St. Paul and Elk Point and the Summer Village of Horseshoe Bay began preparing and updating Intermunicipal Development Plans (IDP) between the County and each of the partnering municipalities. In addition to the development of the IDPs, a new Municipal Development Plan is being prepared and the Land Use Bylaw is being updated for the Summer Village of Horseshoe Bay.

In April 2018, landowner interviews and community open houses were held to gather feedback from landowners, residents and stakeholders on the vision, issues and ideas for the IDP study area. The feedback shared and information gathered from a technical review, helped the project team to develop a land use concept and related policies for the study area.

The draft background report and land use concept was shared on the project website on August 7, 2018. The draft IDP is available for review the project website: <http://multi-urbanidps.ca/>

This June, the partnering municipalities and ISL Engineering and Land Services are hosting community open houses to share the draft IDP and gather input from landowners, residents and stakeholders.

You are invited...

County of St. Paul, Town of St. Paul and Summer Village of Horseshoe Bay Community Open House

Who: interested landowners, residents and stakeholders for the Town of St. Paul, Summer Village of Horseshoe Bay and the County of St. Paul
When: June 10, 2019 from 4 to 7 p.m. (come-and-go format – no RSVP required)
Where: Reunion Station, 4112 53 Avenue, St. Paul

County of St. Paul and Town of Elk Point IDP Community Open House

Who: interested landowners, residents and stakeholders for the Town of Elk Point and the County of St. Paul
When: June 11, 2019 from 4 to 7 p.m. (come-and-go format – no RSVP required)
Where: Seniors Recreation Centre, 5338 50 Avenue, Elk Point

Visit <http://multi-urbanidps.ca/> to learn more about the project.
